HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS AFTER 43 YEARS SUFFERING.

Extract of a Letter from Mr William Galpin of 70 St Mary's Street, Weymouth, dated May 15th 1851

To Professor Holloway,

SIR,—At the age of 18 my wife (who is now 61) caught a violent cold which settled in her legs and ever since that time they have been more or less sore and greatly inflamed Her agonies were distracting and for months together she was deprived entirely of rest and sleep Every remedy that medical men advised was tried but without effect, her health suffered severely and the state of her legs was terrible I had often read your advertisements and advised her to try your Pills and Ointment and as a last resource after every other remedy had proved useless she consented to do so She commenced six weeks ago and strange to relate is now in good health Her legs are painless without seam or scar and her sleep sound and undisturbed Could you have witnessed the sufferings of my wife during the last 43 years and contrast them with her present enjoyment of health you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature

(Signed) WILLIAM GALPIN

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS STANDING

Copy of a Letter from Mr Wm Abbs Builder of Gas Ovens of Rushcliffe near Huddersfield, dated May 31, 1851

To Professor Holloway

SIR,—I suffered for a period of thirty years from a bad leg, the result of two or three different accidents at Gas Works, accompanied by scorbutic symptoms I had recourse to a variety of medical advice without deriving any benefit and was even told that the leg must be amputated, yet in opposition to that opinion your Pills and Ointment have effected a complete cure in so short a time that few who had not witnessed it would credit the fact (Signed) WILLIAM ABBS

The truth of this statement can be verified by Mr W P England Chemist 13, Market street Huddersfield

A DREADFUL BAD BREAST CURED IN ONE MONTH

Extract of a Letter from Mr Frederick Turner of Penshurst Kent dated December 13th 1850

To Professor Holloway

DEAR SIR,—My wife had suffered from bad Breasts for more than six months and during the whole period had the best medical attendance but all to no use Having before healed an awful wound in my own leg by your unrivalled medicine I determined again to use your Pills and Ointment and therefore gave them a trial in her case and fortunate it was I did so for in less than a month a perfect cure was effected and the benefit that various other branches of my family have derived from their use is really astonishing I now strongly recommend them to all my friends

(Signed) FREDERICK TURNER

The Pills should be used conjointly with the Ointment in most of the following cases

Bad Legs	Corns (Soft)	Scalds

PATENTS.

American and Foreign Office

AGENCY FOR BUSINESS WITH U. S. PATENT OFFICE, *WASHINGTON*

No 22 State Street, Boston

IN 1840 the subscriber was appointed by the Commissioner of Patents Agent of the U S Patent Office, in accordance with the 10th Sec of Act of 37

Having relinquished the Agency for the transmission of Models and adopted a more expeditious mode of sending them to the Patent Office *which by a Patent may be procured about six weeks earlier*, the continues to forward them free of expense—to prepare Caveats Specifications Assignments and all the necessary Papers and Drawings for Patents and to render advice on legal and scientific matters respecting the same Patents secured in Europe and other countries

By application at this office inventors are saved the time and expense of a journey to Washington and delay there as well as all personal trouble in obtaining their patents They also have the advantage of *carefully* explaining their inventions and of consulting in respect to them *matters in general of paramount importance in order to obtain correct specifications and claims* The experience of sixteen year's practice and extensive collections of rare works decisions &c on mechanical subjects, the Patent laws and patents of different countries collected at much expense during the long time this office has been established together with accounts here kept of inventions patented at Washington enable the subscriber to afford to inventors desirous of procuring Patents assistance and information which in other respects might be difficult of attainment

R H EDDY Solicitor of Patents

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents R H EDDY Esq of Boston did business at the Patent Office as Solicitor for procuring Patents There were few if any persons acting in that capacity who had so much business before the Patent Office, and there were none who conducted it with more skill fidelity and success I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States and have no hesitation in assuring Inventors that they cannot employ a person more competent and trustworthy and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office

Ladies waited upon by Mrs Caroline D Foster at the above place

The following certificate from Dr John C Warren of Boston was given 16 years since, but will last forever

BOSTON January 7, 1835

Having had occasion to observe that some persons afflicted with Hernia have suffered much from the want of a skillful workman in accommodating Trusses to the peculiarities of their cases I have taken pains to inform myself of the competency of Mr J F Foster to supply the deficiency occasioned by the death of Mr Beath After some months of observation of his work I am well satisfied that Mr Foster is well acquainted with the manufacture of these instruments and ingenious in accommodating them to the variety of cases which occur I feel called upon to recommend him to my professional brethren, and to the public as a person well fitted to supply their wants in regard to those important articles.

JOHN C WARREN M D Boston

CERTIFICATE The following certificate is from Professor Stuart, of Andover Theological Seminary

The undersigned having occasion to employ Mr J Frederick Foster of Boston in making and fitting Trusses for the relief of Hernia, takes great pleasure in recommending him to the favorable notice of such persons as may be afflicted with that and similar complaints Mr Foster's success in the manufacture and adopting them to the body, giving ease and comfort to the wearer surpass (as far as our experience goes,) any other manufacturer of the article

The numerous testimonials which he has received together with the recommendations of that eminent surgeon, Dr J C Warren as a sufficient guaranty for all who may favor Mr F. that his instruments will give entire satisfaction and he will satisfy all reasonable demands for an equitable compensation.

[TU]ESDAY, MARCH 15, 1853.

Municipal Election.

[The] election of municipal officers took place [yester]day, without regard to political party is[sues]. The election was an uncommonly quiet one, and only in one or two of the wards, was there any special contest and that mostly with regard to men, with a slight squint to various [is]sues.

There was no organization against the cit[izens'] candidate, for Mayor, George W. Pickering, Esq., and he was almost unanimously [elec]ted to the responsible office of Mayor. [It] is a high compliment to Mr. Pickering, [i]n return for which he will devote himself [mo]st assiduously to the public duties which the [office] imposes. He may safely rely upon the [cordi]al support of the citizens in whatever [measure]s may be adopted for the promotion [of t]he public welfare.

[The]re are two vacancies of Common Coun[cil] in the First Ward, two in the Fourth [...] and two in the Sixth Ward, and a spec[ial] election will be held to fill the vacancies.—[We gi]ve below a list of the officers elected.

Railroading.

[The] Augusta Age of Saturday, gives the fol[low]ing account of matters relative to the Rail[road between th]is city and the Kennebec, now [before a commit]tee of the Legislature:

[The] committee on Railroads and Bridges [has be]en in session for three afternoons past, [in t]he Senate chamber, on the petition of John [A.] Poor and others, in behalf of the European [and] N. A. Railroad.

[Th]e Penobscot and Kennebec R. R. Co. pro[duc]ed the stockholders' records, and the records [of th]e directors and the original subscription [books] which are now before the committee, [S]everal witnesses were examined, and the [case i]s not yet disposed of in the committee.

Mr. Barnes presented a bill, which has been [put] in type, designed to present all the issues [pen]ding before the Legislature. The contest [se]ems to be narrowed down to the right to the [...] miles from Waterville to Kendalls Mills [...] relation to this matter, Henry Carter Esq., [of P]ortland, and Noah Smith Jr. of Calais, [we]re examined before the committee. These [gent]lemen were members of the Legislature of [185]1-2, and Mr Carter was on the Railroad [com]mittee. They testified that the extension [of] the time in which to file the location of the [Pen]obscot and Kennebec Railroad, by the act [of Ju]ne 3d, 1851, was granted on the assurance [th]at rights of the Somerset road should not [be a]ffected thereby and that the general direc[tion] of the line was not to be changed. That [li]ne by the way of Newport was alluded to [in t]he discussion, but nothing was said about [cha]nging the line so as to go by the way of [Ken]dall's Mills. The location had been made [...] crossing at College Narrows in Waterville, [b]y advice of Mr. Appleton, the engineer of [the] Androscoggin and Kennebec R. R. and Mr [...]on the engineer of the Atlantic and St. [L]awrence R. R. Co., who was employed for [th]e purpose by the directors of the Penobscot [and] Kennebec Railroad Company.

[Th]e new location made in September, 1852, [by] Messrs Pickering, Moor, Strickland and Ap[ple]ton, it is now asserted was made in fraud of [th]e rights of the Somerset road, which were [no]t to be interfered with under the act of June [185]1.

[It is] not to be supposed that the Directors of [the Pen]obscot and Kennebec Railroad would [go] at and construct three miles of railroad, [me]rely for the purpose of interfering with an[other r]oad. Whatever others might have un[der]stood to be the object of the Directors in [askin]g for leave to make an alteration, the Di[rectors] doubtless understood that it was for the [benefi]t of their road and acted accordingly. It [may be fo]r the interest of another road to oc[cupy] a portion of the ground on which a por[tion] of the Penobscot and Kennebec road is [...], but that is hardly a sufficient reason why Bangor Directors should yield.

[W]e fear that this whole matter of objection [to] the track and the charge of fraud in laying [it ou]t, and the threats of continued war against [the B]angor and Waterville road, are hatched [for] the purpose of inducing the Directors to [ch]ange the location of the road from Newport [...]ty. Such a change would change the [whole] aspect of benefits of the road. Bangor [would] suffer immensely by such a change. We [woul]d prefer to see the whole enterprise aban[doned] than to have the road drop down to [Unity] instead of going to Newport. With the [road t]o Newport, we may by means of the Dex[ter] road and other facilities, secure to Bangor [the] trade of Piscataquis and a portion of Som[erset] county, and all the North-western por[tion] of Penobscot county. But put the road [dow]n to Unity, and the whole course of trade [will] be gradually changed against Bangor. Bangor must insist upon having the road to Waterville by the Newport route, and by no other route. It is death and destruction to Bangor to go by the Unity route.

☞ The New York Sun in the way of warning, says that if appointments are made only of men who will do honor to the office, the Administration which appoints will receive four fold honor and public confidence, in return for the harmless displeasure of the disappointed and unworthy. The people are not ungrateful. They remember, and are ever ready to reward those who serve them faithfully, and they will just as certainly spurn with contempt those who prove traitors to their best interests.

Study of Geography.

Mr. J. Gillan, comes to our city with the highest recommendations as a successful teacher of Geography, to which he has devoted many years, and in which he has developed a new principle of uncommon efficiency, and by which he is enabled in the course of a few days or weeks to impart as much knowledge of geography as is ordinarily done in as many months or years.

Mr. Gillan proposes to open a school in this city, to-morrow, in Miss Call's academy on Broadway.

The opportunity now afforded for acquiring a large amount of knowledge on the subject of geography by a small expenditure of time and money, should be improved, as we are satisfied that Mr. Gillan furnishes advantages on this subject not elsewhere to be found. The advantages are in his system, and this system has proved so efficacious that he has for many years devoted himself to teaching this branch of science exclusively. We feel more than ordinary interest in favor of the teachers and the youth of our city receiving the benefits of this eminent teacher in his favorite science.

☞ The Hammond Street Sabbath School, the largest school in the city and one that has been conducted with great ability and with eminent success, held a public sale of fancy articles, in aid of their funds, at the vestry of the church on Thursday evening last. In connection with the sale was a social levee, with elegant refreshments. There was no public notice given, and the company assembled by invitation. It was a very agreeable gathering, and the little people were very joyous and happy, as, indeed were the large company present. The articles for sale went off rapidly and the buyers were liberal. The whole matter was admirably arranged and finely carried through.

In speaking of this matter we may as well mention that the Hammond street parish are about effecting very extensive repairs upon their church edifice. The two towers are to be taken down, the walls raised to their proper architectural height, a lofty and graceful spire to be raised in connection with an appropriate tower, the basement to be raised and the whole put in convenient shape and graceful form. The repairs will cost some ten thousand dollars.

When these repairs and improvements are effected, this edifice that has long been an architectural deformity will be one of the most beautiful in the city, as it should be from its commanding position.

☞ The great Exhibition of the products of the industry of all nations, will open in the city of New York in about two months from this date—or early in May, and there seems to be no reason to doubt that there will be a magnificent display on the occasion. The governments of different foreign nations have interested themselves in the matter, and there will be a gorgeous collection of articles from Great Britain, the Continent, and even from Asia. The citizens of our own country will, of course, send and in great abundance, specimens of what, in the various branches of industry, they have achieved. Every State will make some contribution—so that, on the whole, there is abundant reason for the belief that the World's Fair for the present year, will be no unworthy successor of the great London Exhibition two years since. The edifice, in which the articles are to be displayed, will be a spacious and magnificent one, constructed of glass and iron like the first "Crystal Palace" in the British Metropolis. New England should be well represented, and will do so.

☞ Secretary Marcy has announced that none of the clerks who have faithfully performed their duty in his Department, will be removed.

Jeremiah Colburn has been appointed Assistant Appraiser at Boston, Wm H. Farar, of the same city, will probably receive the Attorney Generalship of Oregon.

☞ In all the great cities of our country there are growing a fearful crop of foes to peace, honesty and good government. A slough of vice is allowed to accumulate, which all the taxation and tax books of the future will be required to fill. No remedy has been tried. It is forgotten that a reform of representatives demands a reform of the constituency.

☞ The Artesian well which is being sunk at St. Louis by the Belcher Brothers, for their sugar refinery, has reached 1500 feet, nearly one-third of a mile. They have also struck water in sufficient quantity to force it to the top of the well. It is of a sulphurous, gaseous taste and smell, but quite clear.

☞ We are indebted to Hodgman & Co's Express for papers received yesterday in advance of the mail. Also to Libbey's Express for like favors.

Mike Walsh. This well known "unterrified Democrat" is now a Representative to Congress from New York. The *Knickerbocker* says his keen sense of the ridiculous sometimes leads him to the perpetration of legislative jokes, which would perhaps hardly do in so dignified a body as the American Congress, and tells the following anecdote in point:

"When in our State Legislature last winter, he suddenly rose to 'point of order' in the midst of an exciting debate. When requested by the Speaker to state his point of order, he replied, without the change of a muscle; 'I wish to know whether the members of this House of Assembly, elected and sent here by the people, are to be ousted from their seats during our deliberations, by outsiders and strangers? Now, sir, I see such a person in the seat of the gentleman from ——, who has not asked leave of absence, and whom I have good reason to believe to be at this moment in the city. I move sir, that he be taken into custody by the Sergeant-at-arms, and expelled from the seat he has usurped.' All eyes were turned to the intruding 'outsider,' who was none other than the rightful occupant of the seat, yet scarcely recognizable by his friends, for the reason that that very morning he had for the first time covered a head which until then had been as bald and shining as an ostrich egg, with a full-flowing wig; and it was to this transformation that Mr. Walsh was desirous to direct the especial attention of the House."

☞ The Augusta Age [...] itself right regarding the Inaugural address, in the following manner:—

"The Bangor Whig received the Inaugural of President Pierce over the wires in season for their issue of Saturday morning, March 5, and complains of a want of fairness on our part in stating that Maine journals were indebted to those of Massachusetts for copies of the address. At the time we published the remark complained of we were not apprised of the enterprise of the Whig, which is always liberal in expenditures for its news department."

Baltimore, March 11.

Ex-President Fillmore leaves Washington to-morrow for Richmond, and will be received at Aquia Creek by a deputation of the citizens of Richmond, and escorted to the city. On Monday he will be escorted by a procession to the capitol, where an address will be delivered by Mr McFarland.

Capt. Ericsson will be the guest of the Virginia Legislature at Richmond, and will receive a complimentary dinner to-morrow night.

LEGISLATURE OF MAINE.

IN THE SENATE.

Augusta, March 11.

Mr. S. Lowell, from the committee on division of towns, reported a bill to incorporate the town of Veazie, (north part of Bangor,) which was read and assigned.

Mr Wheeler, from the committee on Interior Waters, to which was recommitted the bill to incorporate Richardson Lake Dam Company, reported the same without amendment. Mr. Wheeler offered amendments doubling the tolls. After some discussion between Messrs. Moore and Wheeler, the two "statements of facts" one prepared by the petitioners and the other by the remonstrants, and agreeing with each like light and darkness, was read. The proposed amendment restores the bill to the shape in which it was first reported. Messrs. West, Stark, Coburn, Wheeler and Vinton, further discussed the bill. The amendment was rejected. Mr. Talbot moved an amendment increasing the tolls 50 per cent. Messrs. Talbot, West and Mann, continued the discussion. The amendment was adopted, and to-morrow was assigned for the second reading.

Mr Dunnells, from the committee on the Insane Hospital, reported a resolve making an appropriation for the completion of the Hospital, to be expended by the trustees. Read and assigned.

Mr Wheeler asked for the yeas and nays on its passage to be engrossed. Yeas 8, nays 8. Bill refused a passage.

The bill was passed—yeas 9, nays 7.

IN THE HOUSE.

Mr. Sewall of Oldtown, from the committee on the judiciary, reported reference to the next Legislature on petition of the York bar and others, for repeal of an act concerning the S. J. Court and its jurisdiction, and on petition for an act repealing and altering the act creating the Court of County Commissioners. Report accepted.

On motion of Mr Cutter of Saco, the Secretary of State was directed to procure, from the clerks of the Judicial Courts, an account of all fees allowed to the several county attorneys, under the provisions of the 15th section of the act for the suppression of drinking houses and tippling shops, approved June 2, 1851, and all other fees paid to said attorneys under existing statutes for the year ending January 1, 1853, and including also the sums paid to the county attorneys in which terms of the judicial court were held in January of this year, and that the Secretary of State be directed to communicate the same to the Legislature as soon as received.

Mr Warren of Canaan, from the committee on agriculture, reported a bill to incorporate Penobscot and Aroostook Union Agricultural and Horticultural Society. Read and to-morrow assigned.

Mr Hill of Bangor, from the committee on Mercantile Affairs and Insurance, reported a bill to incorporate the Bangor Steam Navigation Company, which was read and to-morrow assigned.

Mr Fessenden again called up the bill concerning Railroads.

Mr Hill of Bangor, moved to amend the bill by restoring the third section which provides that in case of death by railroad accident, coroner's inquest shall be immediately called. The amendment was immediately adopted.

Mr Hill moved further to amend by providing for the payment of damages in cases of new location. Amendment adopted.

Mr Hill moved further to amend by modifying the 7th section. Mr Morse of Bath, opposed the amendment and the section. Mr Chapman replied. Pending the motion the House adjourned.

The Gardiner Trial.

Washington, March 12.

Yesterday, in the Gardiner trial, Mr. May of Baltimore, opened the case for the Government. After giving a succinct history of the case he stated what the prosecution expected to prove. Dr. Gardiner in a memorial to the board of Commissioners, stated that early in the year 1844 he was largely engaged in mining operations in the State of San Luis Potosi, Mexico and employed 500 laborers. Had upwards of $300,000 invested in men, buildings, steam engines, horses, mules and men of science. That in 1846 he was compelled to abandon the establishment, his property having been spoiled by the Mexican soldiery. That the said mines were worth half a million of dollars and would have yielded him $30,000 per annum. The accused filed with this memorial depositions purporting to be from persons residing in Mexico, going to show that he owned the mine. The issue was on the truth or falsity of these assertions. The United States affirmed and expected to prove that every sentiment in the memorial, and every paper presented by him were false from beginning to end—pure fiction and invention.

Gardiner received from the United States as the fruits of the fraud, $428,750.

Bank Failures.

New York, March 12. Thompson's Bank Note Reporter chronicles the failure, in addition to those reported yesterday, of the Eastern Bank, of West Killingly, Conn., and of the Woodbury Band, of Woodbury, Conn. Their aggregate circulation is not less than $400,000.

CARD.

The subscriber wishes to tender his mercantile sympathy to Messrs. McClure & Co., on account of their recent failure in their very laboured efforts in getting up a large and profitable annual sale of their old stock at their Emporium, and he is also very sorry that said failure should occur through the influence of his notice of Feb. 28 of the commencement of his Annual Sale of the Stock at No. 18 West Market Square.

The undersigned would embrace this favorable opportunity to return his heartfelt thanks to the Ladies and Gentlemen who have favored him with their custom for the past year, and especially is he grateful for the favors since Feb. 28th, in assisting him to dispose of his Goods. He would also say to all in want of Dry Goods that he has a fine assortment of the same [...] which he will continue to sell at his usual low prices.

Valuable Real Estate FOR SALE.

I will sell the Tavern Stand known as the Kenduskeag House a three story brick building, besides basement situate on the corner of Main and Water streets in this city, and also a new brick block, of five stories, adjoining on Main street with all the grounds belonging to both buildings. The first story of the last mentioned embraces two stores now probably occupied for the sale of provisions and groceries, the other stories having sixteen finished rooms for dwellings—the whole premises measuring on Main street about 64 feet and on Water street 107 feet. These buildings within the last year have been put in good repair, the stores having granite fronts, and a new sidewalk of bricks has been laid down 90 feet on Main street. This is believed to be the largest and most valuable property now for sale in Bangor, and offers a rare opportunity for investment or speculation. The rear grounds extend nearly on the public square recently opened for a market, &c. For terms, and further particulars, apply to

THE GREAT REMEDY FOR

Coughs, Colds and Consumptions.

The VEGETABLE PULMONARY BALSAM is probably without a parallel in healing, during a period of more than Twenty-five years fully maintained the high reputation which it has acquired for CONSUMPTIVE COMPLAINTS, and all DISEASES of the LUNGS, THROAT and CHEST. It has been used with probably greater success than any other article known, and Physicians who have had an opportunity of witnessing its highly salutary effects recommend it as a safe and very efficacious medicine, equal if not superior, to any other prescription for the above complaints within their knowledge. The basis of this Medicine was a private recipe of a distinguished Physician in one of the neighboring States, and was preserved by an individual to whom it gave the most astonishing relief. It is composed of vegetables and fused according to directions must be perfectly ...

From Messrs. Allen & Co., Merchants, Cincinnati.—Some persons who have used the Vegetable Pulmonary Balsam, uniformly speak of it as a valuable medicine and from the quantity sold notwithstanding the number of other preparations used for similar complaints, we consider it first of the list.

Respectfully, &c. ALLEN & CO.

The Editor of the Seneca Falls Courier says— We have had occasion to witness the good effect of the Vegetable Pulmonary Balsam in our family, in case of a young lady who has been not only cured of Consumption by the use of it, and also in severe coughs and colds, and we can fully bear testimony to its being a safe convenient and very efficacious medicine in cases of that description.—Ed. Courier.

A clergyman from Philadelphia writes, that he has been in the habit of using the Vegetable Pulmonary Balsam in himself and family for the last thirteen years, and ... recommending it to his friends, and would ... it an available remedy for all pulmonary complaints.

For the last five years of my practice I have had the satisfaction to witness the beneficial effects of Vegetable Pulmonary Balsam in many cases of obstinate cough and other affections of the lungs. I would therefore earnestly recommend its use in all complaints of the chest, as being equal, if not superior, to any other medicine within my knowledge.

Lempster, N. H. TRUMAN ABELL, M D.

BEWARE OF COUNTERFEITS and IMITATIONS, such as Carter's Compound Pulmonary Balsam, American Pulmonary Balsam, and others, in part bearing the name! Enquire for the article by its whole name the "VEGETABLE PULMONARY BALSAM," and see that it has the written signature of Wm Johnson, upon a yellow label, on the blue wrappers. Each bottle and seal is stamped "Vegetable Pulmonary Balsam."

Prepared by REED, CUTLER & CO., Importers and Wholesale Dealers in Medicines, Paints, Chemicals and Dye Stuffs, 33 India Street, Boston, and sold by Druggists, Apothecaries and Country Merchants generally.—For particulars and recommendations see a pamphlet accompanying each bottle. Price 50 cents. For sale in Bangor by INGRAHAM & FULLER and WILLIAM MANN.

DR. MORSE'S INVIGORATING CORDIAL!

FOR GENITAL DEBILITY IMPOTENCY IN CONTINENCE, OR NOCTURNAL EMISSIONS &c. The astonishing success which has attended this invaluable medicine, for Loss of Muscular Energy, Physical Lassitude, and General Prostration, or any of the consequences of youthful indiscretion, or indulgence of the passion in riper years, renders it the most valuable preparation ever discovered. In fact as a remedy for the above complaints it stands unrivalled and alone. There is no other reliable remedy or any that has authentically received the sanction of the Medical Faculty. The WONDERFUL VEGETABLE PRODUCTION of which this medicine is composed has been treated and its virtues proclaimed by the highest names of the faculty of London, Paris and the chief cities of Europe, as well as by eminent physicians in this country. It is the only infallible remedy for NERVOUS HEAD and MIND COMPLAINTS—the mental physic so long sought for and never before found, the only agent that can administer to MIND DISEASES. It will remove all nervous affections, DEPRESSION, EXCITEMENT, incapacity to study or business, loss of MEMORY, CONFUSION, thoughts of Self Destruction, fear of Insanity, &c. It will restore the appetite, renew the health of those who have destroyed it by Sensual Excesses, or evil practices. It has been said by some that these disorders, emissions &c., were incurable. This however is not the fact.

DR. MORSE'S INVIGORATING CORDIAL, has and is constantly curing these complaints, relieving the mental and bodily incapacity of the unfortunate sufferer, as the following testimony of the names received will conclusively show:

Dr. Woodward of the Massachusetts Insane Hospital writes of one of his patients being cured by using this cordial thus — It gives me pleasure to inform you that one of my patients while in Hospital procured some of your Cordial. He tells me that he has had a similar emission since he commenced taking it, while before he had two or three a week. When he applied to me, says Dr. W., I thought it hardly possible to get him ever to regain his full strength. I prescribed the usual medicine used in those cases in the hospital, but they had no effect. In the meantime he purchased some of your Cordial, which has effected a cure I am sure no other medicine would. I shall ever recommend whenever an opportunity occurs.

The nature of the maladies relieved by this Cordial are generally such as to leave the publication of cures out of the question, and the proprietor could produce a host of the most conclusive testimony to show that the great reputation it enjoys was not accidentally obtained, but is firmly based upon its positive and apparently miraculous virtue. In all directions are to be found the happy parents of healthy offsprings, who would not have been so but for this extraordinary preparation. And it is equally potent for many diseases for which it is recommended.

THE MEDICAL JOURNALS

have not in a single instance that has been authenticated, given the sanction to any other preparation for the above complaints. It has, in many violent and desperate cases, effected radical cures, after patients had been abandoned and their condition pronounced hopeless by medical practitioners of high professional character.

THE COMMON EXPRESSION

Of those who have used this Extract is— I had heard your Cordial highly spoken of, but was one of the incredulous in regard to its merits, having tried various medicines sold for the same purpose, (different Sarsaparillas) without deriving any benefit. I had almost given up all hope of obtaining relief, when I purchased some of your Cordial. I had no faith whatever, of its benefiting me—but it has. I feel stronger—have had no emissions since, although it is not three weeks. I am satisfied the half a dozen bottles I took will cure me.

Another says—"I had consulted several distinguished physicians. Some said I could not be cured, others prescribed this thing and that, but I found no relief until I procured some of your Cordial. I must say it completely cured me."

Another says—"I was surprised at the effect your Cordial had. Why had I not heard of it before? It would have saved me so much expense, besides years of mental and bodily suffering."

CAUTION.—Ask for Dr. Morse's Cordial, and take no other, as there are worthless imitations which its unrivalled excellence, fame and popularity, have brought into the market. It will not hurt the most delicate Female, but do good. Beware of all other Cordials, &c., (and try only this.)

NOTICE.—Persons conscious of physical inability from causes above named may confidentially consult Dr. Morse personally or by letter, (post-paid) at his office, 78 Hudson street, Boston. The necessary advice and medicine for the speedy removal of such disability will be safely forwarded to the writer's address.

Dr. M. is prepared to warrant a perfect cure in every case he takes in hand.

Prepared by M. Morse, M. D., New York city.

It is put up in pint bottles, with the words Dr. Morse's Vigorating Cordial, blown on the glass. Price $3 per bottle, 2 bottles $5, 6 bottles $12, and $24 per dozen.

N. B.—Important advice accompanying each bottle.

C. H. RING, General agent, 192 Broadway New York. David Bugbee, agent in Bangor; R. K. Ellsworth, Bath; E. Fuller, Augusta; David Mead, Portland; H. M. Atwood, Gardiner.

Self Acquired Fame!

DR. JOHNSON'S

AMERICAN ANODYNE LINIMENT.

For Internal and External Use

THIS wonderful Medicine notwithstanding it has ever had the advantage of newspaper publicity, has yet acquired a higher and more extended popularity than any other similar compound in the world. It is entirely of vegetable extract perfectly safe to be administered even to the most delicate child and alike astonishing and satisfactory in its effects upon man or beast. Those unacquainted with this invaluable medicine we say Give it a fair trial, and we promise you a radical cure of Coughs, Colds, Asthma, Bronchitis, Whooping Cough, Influenza, Spitting of Blood and all Lung Complaints, Chronic Diarrhoea and Dysentery, in all of which cases it should be used internally. Its effects in external application in cases of Rheumatism, Spinal Diseases, Sprains, Chapped Hand, Bruises, Burns and all descriptions of wounds are magical. For ous troubled with Cramp in the Stomach, Side or Bowels, Sore Throat, Piles &c. by a combined internal and external application of this Anodyne cannot fail of certain and speedy cure. The proprietor can produce numbers of testimonials in its favor. But prefers to let it carry its own recommendations as it has done for forty years past. We ask no man to use it after an unsatisfactory trial. In its composition it unites several of the most penetrating and healing specifics known to the materia medica—the inventor of this article was in the constant and successful practice of medicine for more than twenty years.

This is to certify that having been troubled for a number of years with a distressing cough and bleeding at the lungs and receiving no benefit from medical aid, in 1848 I was to all appearance in the last stage of consumption. My legs swelled so that I was unable to stand or help myself. At that time your Liniment was providentially recommended to me and by the use of three or four bottles I was entirely cured, and have since been able to labor every day. I have also for the last twenty years been subject to severe attacks of bloody dysentery and never found any permanent relief until I took your Liniment, since which I have had no return of this complaint. I can truly say I think your Anodyne Liniment was the means of saving my life. JOHN I ATKINS

Brewer, Sept 29, 1852.

Dr. Johnson: Dear Sir—In consequence of having a fever sore on my leg it became entirely stiff at the knee and it was decided by the best surgeons that my leg must be amputated—but fortunately I heard of your Anodyne Liniment, and by using three bottles my leg was limbered and strengthened, and for a number of years I have been able to use it about as well as the other. I consider myself indebted to the use of your Liniment through the blessing of Providence, for the use of my leg and would say to others who may need help in this way, try it, and no doubt you will be cured. ANOTHER SCIENTIFIC WONDER!

GREAT CURE FOR

DYSPEPSIA!

Dr. J. S. HOUGHTON'S

THE TRUE

DIGESTIVE FLUID, OR GASTRIC FLUID

Prepared from RENNET, or the fourth STOMACH OF THE OX, after directions of BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON, M. D., Philadelphia, Pa.

I DIGEST. Such is the true meaning of the word PEPSIN. It is the chief element, or Great Digesting Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming a TRUE DIGESTIVE FLUID, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it.

This is NATURE'S OWN REMEDY for an unhealthy Stomach. No art of man can equal its curative powers. It contains NO ALCOHOL, BITTERS, ACIDS, or NAUSEOUS DRUGS. It is extremely agreeable to the taste, and may be taken by the most feeble patients who cannot eat a water cracker without acute distress. Beware of DRUGGED IMITATIONS. Pepsin is NOT A DRUG.

Half a teaspoonful of Pepsin, infused in water, will digest or dissolve Five Pounds of Roast Beef in about two hours, out of the Stomach.

SCIENTIFIC EVIDENCE.

The Scientific Evidence upon which this remedy is based is the highest degree curious and Remarkable. Call on the Agent, and get a Descriptive Circular, gratis, giving a large amount of Scientific Evidence, from Liebig's Animal Chemistry; Dr. Combe's Physiology of Digestion; Dr. Pereira on Food and Diet; Dr. John W. Draper of New York University; Prof. Dunglison's Physiology; Prof. Silliman, of Yale College; Dr. Carpenter's Physiology, &c., together with reports of cures from all parts of the United States.

PEPSIN IN FLUID AND POWDER.

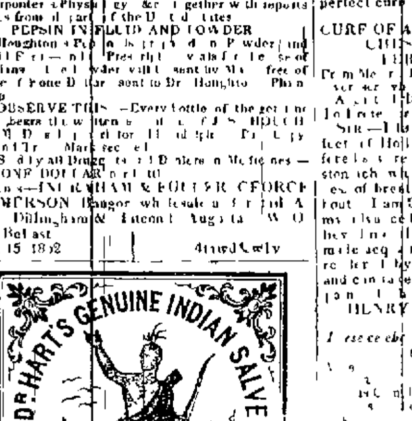

Dr. Houghton's Pepsin is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians. Private Circulars for the use of Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a secret remedy, no objection can be raised against its use by Physicians in respectable standing and regular practice. Price, One Dollar per bottle.

OBSERVE THIS.—Every bottle of the genuine Pepsin bears the written signature of J. S. HOUGHTON, M. D., sole Proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

Sold by all Druggists and Dealers in Medicines—Price ONE DOLLAR per bottle.

THE ROAD TO HEALTH!

HOLLOWAY'S PILLS.

CURE OF A DISORDERED LIVER AND BAD DIGESTION

Copy of a Letter from Mr R W Kirkus, Chemist, 7 Prescot Street, Liverpool, dated 6th June, 1851

To Professor Holloway

SIR—Your Pills and Ointment have stood the highest on our sale list of Proprietary Medicines for some years. A customer to whom I can refer for any enquiries desires me to let you know the particulars of her case. She had been troubled for years with a disordered liver and bad digestion. On the last occasion however the virulence of the attack was so alarming and the inflammation set in so severely that doubts were entertained of her not being able to bear up under it; fortunately she was induced to try your Pills and he informs me that after the first and each succeeding dose she had great relief. She continued to take them and although she used only three Boxes she is now in the enjoyment of perfect health. I could have sent you many more cases but the above from the severity of the attack and the speedy cure I think speaks much in favor of your astonishing Pills.

AN EXTRAORDINARY CURE OF RHEUMATIC FEVER IN VAN DIEMEN'S LAND

Copy of a Letter inserted in the Hobart Town Courier of the 1st March, 1851, by Major J W ...

Margaret M'Conngan nineteen years of age residing at New Town, had been suffering from a violent rheumatic fever for upwards of two months which had entirely deprived her of the use of her limbs during this period she was under the care of the most eminent medical men in Hobart Town and by them her case was considered hopeless. A friend prevailed upon her to try Holloway's celebrated Pills which she consented to do, and in an incredibly short space of time they effected a perfect cure.

CURE OF A PAIN AND TIGHTNESS IN THE CHEST AND STOMACH OF A PERSON 84 YEARS OF AGE

From Messrs Thew & Son, Proprietors of the Lynn Advertiser, who can vouch for the following statement—August 2d, 1851

To Professor Holloway

SIR—I desire to bear testimony to the good effects of Holloway's Pills. For some years I suffered severely from a pain and tightness in the stomach, which was also accompanied by a shortness of breath that prevented me from walking about. I am 84 years of age and notwithstanding my advanced state of life these Pills have so relieved me that I am desirous that others should be made acquainted with their virtues. I am now rendered by their means comparatively active and can take exercise without inconvenience or pain which I could not do before. (Signed)
